

# **PUBLIC MEETING**

## ***Concerning Fecal Coliform and E. Coli Bacteria in CARTER RUN & GREAT RUN***

**The Virginia Department of Environmental Quality (DEQ) and the Department of Conservation & Recreation (DCR) invite you to attend a public meeting to discuss the bacteria levels in OUR STREAMS.**

**Levels of fecal coliform bacteria in portions of Carter Run and Great Run exceed water quality standards. DEQ is required to develop clean-up plans to address these impaired waters. The clean-up proposals are called Total Maximum Daily Load studies. We need your comments on the clean-up proposals.**

***Please plan to attend the meeting.***

**Tuesday, November 16**

**at the**

**Warrenton  
Community  
Center**

**(430 East Shirley Ave.)**

**Starts at 7:00 p.m.**

**For more information contact Bryant Thomas at (703) 583-3843 or [bhthomas@deq.virginia.gov](mailto:bhthomas@deq.virginia.gov), or visit the DEQ website: <http://www.deq.virginia.gov/tmdl/>**
